---

PROFESSIONAL SUMMARY

Networks and Cyber Security graduate from Al-Ahliyya Amman University, ranked first in my cohort with a GPA of 3.67/4.0 (Excellent). Possess foundational knowledge of networking, cybersecurity, Linux, and cryptography, with academic project experience in secure network design. Eager to strengthen my technical skills, gain hands-on experience, and develop a career in cybersecurity.

TECHNICAL SKILLS

- **Networking:** Networking Fundamentals, Network Security
- **Cybersecurity:** Cybersecurity Fundamentals, Cryptography, Ethical Hacking Fundamentals
- **Operating Systems:** Linux
- **Web Development:** HTML, CSS, JavaScript
- **Tools:** Git, GitHub

TRAINING

Cybersecurity Training — National Cyber Security Center (NCSC)

- Participated in cybersecurity training to develop foundational knowledge and technical skills.

PROJECTS

Secure Bank Network Design — Graduation Project

- Designed a bank network architecture with a focus on network security and protection against cyberattacks.
- Applied networking and cybersecurity concepts to identify potential security risks and improve network protection.

Ethical Hacking Academic Project

- Worked on an academic project focused on ethical hacking and cybersecurity concepts.
- Applied relevant technical knowledge to the project.

EDUCATION

Al-Ahliyya Amman University (AAU)

Bachelor's Degree in Networks and Cyber Security | 2025

- GPA: 3.67/4.00 — Excellent
- Ranked 1st in the graduating cohort
- Achieved first place in the section in Cryptography.

ADDITIONAL TECHNICAL EXPERIENCE

- Practicing HTML, CSS, and JavaScript through web development coursework and projects.
- Developing practical skills in Linux command-line operations and Git/GitHub workflows.

LANGUAGES

- Arabic: Native
- English: B1
